

— 1 —

Chief of Staff to the President, U.S.

RISKGAMING

— 1 —

Role

Elected on a platform of rebuilding American manufacturing and advancing bioscience, the President has now appointed you as Chief of Staff. It's time to get to work.

Indicator Objectives

Primary Indicator

U.S. Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Scientific Progress

*Worth **1/3** of Your Final Score*

— 2 —

Director of the
Office of
Management and
Budget, U.S.

— 2 —

Role

A long-time budget hawk and trans-Atlantic specialist, you now head the all-powerful OMB. Your mission is to preserve America's fiscal sanity—and, if possible, extend that stability to Europe.

Indicator Objectives

Primary Indicator

U.S. Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Fiscal Strength

*Worth **1/3** of Your Final Score*

— 3 —

Director of the National Institutes of Health, U.S.

— 3 —

Role

As head of the NIH, you have dedicated your career to strengthening America's research capabilities and enhancing the resilience of the nation's public health system through innovative advances and timely experiments.

Indicator Objectives

Primary Indicator

U.S. Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Research Competitiveness

*Worth **1/3** of Your Final Score*

— 4 —

Secretary of State
for Health and
Social Care, U.K.

— 4 —

Role

A lifelong public health specialist, you have recently transitioned from a global organization dedicated to the Sustainable Development Goals to administering the department overseeing England's National Health Service (NHS).

Indicator Objectives

Primary Indicator

U.K. Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Quality of Life

*Worth **1/3** of Your Final Score*

— 5 —

Chief Economic
Adviser to HM
Treasury, U.K.

— 5 —

Role

A former banker with extensive experience in factory finance—especially in the United States—you now serve as the U.K. government's foremost economic adviser. Your top priority is reshoring and re-industrializing Great Britain.

Indicator Objectives

Primary Indicator

U.K. Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 6 —

Chief Scientific
Adviser to the
Government, U.K.

— 6 —

Role

The United Kingdom has long been a scientific powerhouse—and that legacy is yours to uphold. In the post-Covid era, there is an increasing emphasis on harnessing cutting-edge science to improve human health, a priority you hold dear.

Indicator Objectives

Primary Indicator

U.K. Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Population Health

*Worth **1/3** of Your Final Score*

— 7 —

European Commissioner for Health and Food Safety

— 7 —

Role

As the former head of a global public health NGO, you understand the critical link between global health and regional well-being, even as you focus on enhancing the quality of life across Europe.

Indicator Objectives

Primary Indicator

E.U. Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Health System Resilience

*Worth **1/3** of Your Final Score*

— 8 —

European Commissioner for the Economy

— 8 —

Role

For years, you have prioritized the competitiveness of Europe's economy. Yet you also recognize that in an increasingly globalized and developing world, international redundancies are essential to maintaining a robust global marketplace.

Indicator Objectives

Primary Indicator

E.U. Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Biomanufacturing Capacity

*Worth **1/3** of Your Final Score*

— 9 —

Director-General of Research and Innovation, Europe

— 9 —

Role

From Da Vinci to the ITER fusion reactor in Southern France, European research has consistently been at the forefront of innovation. Now, it's time to connect these advances to every European—and to the world.

Indicator Objectives

Primary Indicator

E.U. Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Quality of Life

*Worth **1/3** of Your Final Score*

— 10 —

Minister of the
National Health
Commission,
China

— 10 —

Role

Your post-Covid mandate is unequivocal: China must establish its own healthcare supply chain for all medicines and supplies as quickly as possible.

Achieving this requires robust consumer engagement, leveraging not only China's extensive market but also that of neighboring India.

Indicator Objectives

Primary Indicator

China Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Population Health

*Worth **1/3** of Your Final Score*

— 11 —

Chairman of the
National
Development and
Reform
Commission,
China

— 11 —

Role

For President Xi Jinping, dual circulation is the top economic priority—one that demands the development of world-class factories and the cultivation of top scientific talent.

Indicator Objectives

Primary Indicator

China Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Research Competitiveness

*Worth **1/3** of Your Final Score*

— 12 —

President of the Chinese Academy of Sciences

— 12 —

Role

Your personal ambition is to see Chinese science surpass Western dominance. Yet, mounting financial pressures demand that the fundamentals of the Chinese economy—currently holding around 5% growth—be safeguarded.

Indicator Objectives

Primary Indicator

China Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Fiscal Strength

*Worth **1/3** of Your Final Score*

— 13 —

Minister of
Health and
Family Welfare,
India

— 13 —

Role

India's health system is struggling in the aftermath of Covid. Your task is to restore its financial stability while ensuring continued access to affordable, life-saving treatments.

Indicator Objectives

Primary Indicator

India Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 14 —

Chief Economic Adviser to the Government of India

— 14 —

Role

As a former industrial policy researcher at Oxford, you have been entrusted with ensuring India's long-term resilience by strengthening its supply chains. Your valuable contacts in the U.K. give you hope that a revitalized manufacturing partnership with the former colonial power could help both economies weather upcoming technological challenges.

Indicator Objectives

Primary Indicator

India Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 15 —

Secretary of the
Department of
Biotechnology,
India

— 15 —

Role

India is one of the world's largest importers of advanced science and technology goods—and that must change. This transformation requires significant investment in the next generation of scientists at the forefront of innovation, while carefully balancing the need to avoid over-ambitious budgets.

Indicator Objectives

Primary Indicator

India Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Fiscal Strength

*Worth **1/3** of Your Final Score*

— 16 —

CEO, Phaser

RISKGAMING

— 16 —

Role

As one of the world's largest pharmaceutical manufacturers, your goal is to drive the global shift toward sovereign supply chains—a move that promises to raise both prices and profits.

Indicator Objectives

Primary Indicator

U.S. Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 17 —

CEO, AstroZenith

— 17 —

Role

As a major biotech firm headquartered in the U.K., maintaining a robust local supply chain is crucial for your success. At the same time, you aspire to have your products manufactured globally, particularly in developing markets with high growth potential.

Indicator Objectives

Primary Indicator

U.K. Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Biomanufacturing Capacity

*Worth **1/3** of Your Final Score*

— 18 —

CEO, Broche

— 18 —

Role

As the executive leading a rare European-Chinese joint venture in biomanufacturing, you have navigated shifting political landscapes to ensure that every region gains access to some of the finest factories ever built.

Indicator Objectives

Primary Indicator

E.U. Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 19 —

CEO, Guanxi

— 19 —

Role

As a leading biotech executive in China and a member of influential CCP committees, you have consistently prioritized the safety and well-being of the Chinese people in all of your business operations.

Indicator Objectives

Primary Indicator

China Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Population Health

*Worth **1/3** of Your Final Score*

— 20 —

CEO, Chennai Pharma

RISKGAMING

— 20 —

Role

Heading India's biotech national champion, you have become a driving force behind reverse brain drain—from Cambridge back to India. With your recently established secondary lab in the U.K., you aim to forge a long-term scientific bridge between the two nations.

Indicator Objectives

Primary Indicator

India Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Research Competitiveness

*Worth **1/3** of Your Final Score*

— 21 —

CEO, BioSquares

RISKGAMING

— 21 —

Role

As the head of the first fully decentralized biomanufacturing company, your objective is to guarantee that every product can be produced anywhere at a low cost.

Indicator Objectives

Primary Indicator

Global Biomanufacturing Capacity

*Worth **2/3** of Your Final Score*

Secondary Indicator

Global Supply Chain Integration

*Worth **1/3** of Your Final Score*

— 22 —

CEO, PharmReady

RISKGAMING

— 22 —

Role

Working as a contractor of the U.S. government on global public health initiatives, you aim to lead PharmReady in enhancing the world's capacity to confront emerging, dangerous health threats. However, you remain constantly concerned about the U.S. government's ability to cover its liabilities.

Indicator Objectives

Primary Indicator

Global Health System Resilience

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Fiscal Strength

*Worth **1/3** of Your Final Score*

— 23 —

CEO, TrialLinux

RISKGAMING

— 23 —

Role

As the head of an outsource manufacturing facility in India, your goal is to license high-quality yet generic therapeutics from around the world to enhance local health, all while bolstering the country's capacity for superior manufacturing by working up the value chain.

Indicator Objectives

Primary Indicator

India Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 24 —

CEO, ForgetRx

RISKGAMING

— 24 —

Role

As the CEO of a prominent U.K.-based emerging biotech startup, your objective is to harness anonymized patient data from across the globe to rapidly enhance the quality of AI-driven models in the biosciences.

Indicator Objectives

Primary Indicator

Global Scientific Progress

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 25 —

CEO, CeLLM

RISKGAMING

— 25 —

Role

As the head of CeLLM, you have secured generous funding from U.K. research councils and other sources to invest in the future of equitable health. While your largest customer is in the United States, you currently operate in over a dozen countries—and you plan to expand further.

Indicator Objectives

Primary Indicator

U.K. Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Population Health

*Worth **1/3** of Your Final Score*

— 26 —

Funding Director, Thomas Toews Foundation

— 26 —

Role

The Thomas Toews Foundation is a leading national security think tank specializing in sci-tech diplomacy, development, and defense.

Recently, its top priorities have been strengthening America's scientific workforce and securing its supply chains in biology, semiconductors, and other critical technologies.

Indicator Objectives

Primary Indicator

U.S. Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 27 —

Funding Director, Goodby Trust

— 27 —

Role

Established by Lord Goodby over a century ago in the wake of the Franco-Prussian War, the Goodby Trust was designed to ensure fiscal rectitude. You now sponsor economic studies on government funding across the United Kingdom, the United States, and beyond.

Indicator Objectives

Primary Indicator

U.K. Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Fiscal Strength

*Worth **1/3** of Your Final Score*

— 28 —

Funding Director, EUBI

RISKGAMING

— 28 —

Role

Originally launched as a well-funded initiative to nurture the next generation of European biologists, the European Union Biotech Institute (now just EUBI) has since expanded its focus to advancing the frontiers of European science and manufacturing through its grant programs.

Indicator Objectives

Primary Indicator

E.U. Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 29 —

Funding Director, Shanghai Genomics Center

— 29 —

Role

As China's economy has sputtered in the post-Covid era, one of the Center's highest priorities has been identifying therapies that simultaneously improve human health while drastically cutting public health costs. In addition, the Center is partially funded by sources in Europe and takes advantage of the best ideas that Europe has to offer.

Indicator Objectives

Primary Indicator

China Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Research Competitiveness

*Worth **1/3** of Your Final Score*

— 30 —

Funding Director, India Health Foundation

— 30 —

Role

The Foundation lives up to its name—dedicated to improving India in every way. This includes developing a robust pharmaceutical supply chain, from generic drugs to advanced therapeutics, while ensuring that Indian scientists remain closely connected with manufacturing to fortify the nation's biotech industry.

Indicator Objectives

Primary Indicator

India Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Research Competitiveness

*Worth **1/3** of Your Final Score*

— 31 —

Funding Director, The U.N. Health Foundation

— 31 —

Role

Your lifelong mission is to enhance the lives of people worldwide. Having previously led European health initiatives for the Foundation, you continue to build strong relationships across the continent.

Indicator Objectives

Primary Indicator

Global Quality of Life

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Population Health

*Worth **1/3** of Your Final Score*

— 32 —

Funding Director, Science as Open Source (SOS)

— 32 —

Role

U.K.-based SOS was formed during the Cold War to use science diplomacy to bridge the Iron Curtain. Today, the organization is dedicated to helping all nations build scientific capacity—especially its home country, the United Kingdom.

Indicator Objectives

Primary Indicator

Global Scientific Progress

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Research Competitiveness

*Worth **1/3** of Your Final Score*

— 33 —

Funding Director, Green Revolution Foundation

— 33 —

Role

One of modern agriculture's most significant achievements, the Green Revolution is credited with saving over a billion lives. Today, the Foundation seeks to broadly improve public health while remaining true to its origins in the United States.

Indicator Objectives

Primary Indicator

Global Health System Resilience

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 34 —

Funding Director, Sino-Euro Friendship Initiative

RISKGAMING

— 34 —

Role

Nearly three decades ago in the post-Tiananmen era, business leaders launched the Initiative to mend relations between China and Europe. Today, it serves as a forum for business exchange, prioritizing thoughtful and impactful measures to enhance economic resilience on both sides.

Indicator Objectives

Primary Indicator

E.U. Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Supply Chain Sovereignty

*Worth **1/3** of Your Final Score*

— 35 —

Funding Director, Indo-European Advancement Foundation

— 35 —

Role

Originally founded under a different name decades ago, the Foundation has long served as a hub for elite scientists and financiers shaping the future of European–Indian relations. Today, with the Indian government prioritizing industrial development and European nations focusing on health equity, the Foundation has mirrored these objectives with its own grantmaking.

Indicator Objectives

Primary Indicator

India Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Population Health

*Worth **1/3** of Your Final Score*

— 36 —

Director, EuroGlobal Innovators

— 36 —

Role

Founded as a consulting firm spun off from a Swiss bank at the advent of the Euro, EuroGlobal champions the improvement of the Old Continent's economic standing while advocating for enhanced scientific progress across universities and research centers.

Indicator Objectives

Primary Indicator

E.U. Fiscal Strength

*Worth **2/3** of Your Final Score*

Global Scientific Progress

*Worth **1/3** of Your Final Score*

— 37 —

Director,
SinoAmerican
Wellness Forum

RISKGAMING

Role

Founded a century ago by emigrés from China following the Xinhai Revolution, the rebranded Forum emphasizes holistic wellness in both the United States and China, embracing the latest advances in allopathic medicine alongside traditional Chinese medicine.

Indicator Objectives

Primary Indicator

U.S. Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Population Health

*Worth **1/3** of Your Final Score*

— 38 —

Director, SinoBrit Vitality Council

RISKGAMING

Role

Founded in Hong Kong during the 1997 handover, SinoBrit connects the United Kingdom's manufacturing industry with the health systems of both Hong Kong and mainland China, striving to preserve the long-standing amity between these two nations.

Indicator Objectives

Primary Indicator

China Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 39 —

Director, Future Britain Forum

RISKGAMING

— 39 —

Role

Established in the wake of the Great Financial Crisis, the Forum has focused on enhancing British living standards through re-industrialization, increased market competition, and better funding for the National Health Service (NHS).

Indicator Objectives

Primary Indicator

U.K. Advanced Manufacturing

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Population Health

*Worth **1/3** of Your Final Score*

— 40 —

Director, Anvil Dragon Coalition

— 40 —

Role

Established by a group of leading Chinese entrepreneurs, the Coalition collaborates with Beijing's central authorities to enhance China's global financial standing—through initiatives such as the Belt and Road and by bolstering state sovereignty via cutting-edge manufacturing.

Indicator Objectives

Primary Indicator

China Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

China Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 41 —

Director, Euro Vanguard Network

RISKGAMING

Role

Developed in Frankfurt by French and German bankers worried about the future of Europe's manufacturing sector, the Network is dedicated to enhancing the competitiveness of the continent's distribution networks and factories.

Indicator Objectives

Primary Indicator

E.U. Supply Chain Sovereignty

*Worth **2/3** of Your Final Score*

Secondary Indicator

E.U. Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 42 —

Director, Delhi
Fiscal Fund

— 42 —

Role

Founded by two alumni of the Reserve Bank of India, the Fund coordinates fiscal policy research from its offices in New Delhi and London.

Indicator Objectives

Primary Indicator

India Fiscal Strength

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.K. Fiscal Strength

*Worth **1/3** of Your Final Score*

— 43 —

Director, Anglo- American Insight Network

— 43 —

Role

Originating over a few points at a Soho, London bar and later formalized, the Network now advocates for enhanced coordination between Britain's leading health research centers and U.S. public health agencies.

Indicator Objectives

Primary Indicator

U.K. Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator

U.S. Population Health

*Worth **1/3** of Your Final Score*

— 44 —

Director, Overseas India

RISKGAMING

Role

Overseas India is the brainchild of a prominent Indian entrepreneur, who has funded it lavishly the last few years. The organization oversees a portfolio of seven projects—from enhancing the lives of Asian immigrants in Britain to boosting India's factory output through local innovation.

Indicator Objectives

Primary Indicator

U.K. Population Health

*Worth **2/3** of Your Final Score*

Secondary Indicator

India Advanced Manufacturing

*Worth **1/3** of Your Final Score*

— 45 —

Director, SinoGlobal Nexus

— 45 —

Role

SinoGlobal is a forum established by several Tsinghua graduates in Shenzhen, dedicated to leveraging Chinese competitiveness in global research to sustain China's dominance in goods production. It firmly opposes all forms of 'de-coupling' or 'de-risking.'

Indicator Objectives

Primary Indicator

China Research Competitiveness

*Worth **2/3** of Your Final Score*

Secondary Indicator
