Subject: Important Medical Information Regarding Ms. Hawkins

Dear Hawkins Family,
This letter is to inform you of important medical findings regarding your partner, Blake Hawkins, who recently underwent testing at City General Hospital.

Following a thorough review of the test results, we have determined that your partner is facing a serious medical condition, in need of immediate care. Ongoing treatment and recovery after the necessary surgery is expected to take up to 2 years.

We understand that this news is concerning, and we want to assure you that we are committed to providing the best possible care for your partner. To ensure they receive the appropriate treatment and support, we request that you contact our office immediately to schedule a consultation with Dr. San Xavier, their primary physician.

We understand this is a difficult time, and we are here to support your family.

Sincerely,

Dr. San Xavier, M.D.
Yuma General Hospital
